

INAUGURAL NEWSLETTER

Friends, this is first newsletter. It's not meant to be intrusive, so please, notify me immediately if you wish to be removed from its distribution. Friendship means more to me than the contents within this document ever might.

That said, I will broadcast this newsletter periodically to announce happenings and offerings as makes sense.

I'm sure you can expect more from this keyboard as we near THE election.

WHAT WE DO...

Simply put Sage Brush Arms buys and sell guns and shooting accessories. I buy single and multiple purchases from some of the most competitive distributors in the country and private sellers. I also welcome trades. Recently I bought an entire collection of used guns. They were properly used and maintained and will make several shooters happy in the coming years. I assist buyers and sellers with transfers. All firearms must be shipped between Federal Firearms Licensees, (FFL's). While there are several license categories, most FFL's are licensed to buy, sell, ship & receive firearms. This license enables licensees to provide transfer services. Sage Brush Arms offers consignment services. I will add your experienced guns to my website and other commercial gun auction sites giving millions of potential buyers the opportunity to view your consigned firearms.

THE INSIDE STORY

SAGE BRUSH ARMS ALWAYS PROVIDES EXCELLENT CUSTOMER SERVICE

"The FBI, responsible for the transfer process, usually provides excellent guidance."

Transfer fees are charged whenever a dealer receives a gun for disposition to the new owner. Recently I received a call from Tom T. wishing to send an Iver Johnson top-break revolver to a dealer in another state. Tom stopped by with the weapon as expected. What was not expected was the little gun had no serial number. An internet search yielded a couple of options. After removing the grips and trigger guard we still had no vital serial number. The FBI, responsible for the transfer

process, usually provides excellent guidance. In this case they were stumped too, and suggested the ATF. The next day I was able to contact ATF who offered excellent advice. A quick call to the receiving out-of-state dealer and we were ready to go. Tom dropped the gun off and I shipped the following morning to its new owner. Tom received tracking and information insuring that he was completely aware of the progress of his sale.

A recently received email went something like this:

[ABC News Joins Obama- Bans American Flag Lapel Pins!!!!](#)

ABC NEWS BANS FLAG LAPEL PINS

This is what we get from the present stuff going on in Washington. What next? Barbara Walters said that this was going to hurt ABC bad. And she works for ABC.

YESTERDAY THE BRASS AT ABC NEWS ISSUED ORDERS FORBIDDING REPORTERS TO WEAR LAPEL PIN AMERICAN FLAGS OR OTHER PATRIOTIC INSIGNIA. THEIR REASONING WAS THAT ABC SHOULD REMAIN NEUTRAL ABOUT 'CAUSES'. SINCE WHEN IS PATRIOTISM TO BE DISCOURAGED? I URGE YOU TO BOYCOTT ABC AND ITS SPONSORS AND AFFILIATES. WE ARE SLOWLY LOSING EVERYTHING OUR COUNTRY STANDS FOR AND EVERYTHING OUR MEN AND WOMEN FOUGHT AND DIED TO PRESERVE!

PLEASE FORWARD THIS TO AS MANY AS YOU CAN.

My reply:

This is one time I must disagree with you.

Boycotting ABC, or any media outlet, is of no consequence to them. They have no way of knowing if you're watching. All they really care about is advertising revenue.

If you feel your cause deeply enough, you need to communicate with their revenue stream, telling them that you are not purchasing their products BECAUSE they advertise on ABC.

Secondly, you NEED watch ABC, and all of the left leaning media. This is a company that hired a political operative to lead its morning show, GMA, and gave him his own Sunday morning political analysis show in Washington! Remember hearing, "...keep your friends close and your enemies even closer"? You must watch to appreciate how they're attempting to influence the populace.

Another point is truly essential. I find their decision to ban our flag, in any manner, abhorrent. It is, however, their right to do just that. Those of us who value our Bill of Rights must protect their right to ban whatever they wish to ban from their broadcasts, no matter how distasteful.

Lastly, who owns ABC? Disney. Do you think ABC makes decisions in a vacuum? If you want to effect real change go after Disney. Lobby Disney to retract this decision, after completely verifying its accuracy. Demand a public retraction and apology. Then demand that they supply American-made American flags for every veteran's grave in a national cemetery, or some other cause that will bring news coverage and light to this issue.
